### President's Message

Hello my friends,

We all have certain things that “get under our skin” when we hear someone repeat them. One thing that really bothers me is when I hear someone refer to the Korean War as a conflict, because it was not a conflict, it was a war. I become infuriated when I hear a person say, “Korea was the first war that America lost”. We were not sent to Korea to win a war, we were sent to Korea to put those rascals back where they came from; and we accomplished that goal, so we won. The third thing that bothers me is when I hear someone refer to our reunion as a convention.

Webster describes a convention as “a formal assembly”. Well, I think anyone who has attended our reunion will agree that this does not describe our event. Formality is not part of our agenda. This is time set aside to fellowship and reminisces with friends from the past with whom we have so very much in common. If you are not already attending and taking part in our Association I urge you to do so. You will be happy that you did.

Most of the service organizations to which I belong and pay dues are all in financial despair, but we do not charge membership dues or fees of any nature, yet we are financially secure, which is all due to the generosity of our membership. Thanks to each of you for your support.

Things are getting underway as we prepare for the Omaha reunion. Enclosed you will find the daily activity schedule, the proposed tours, the registration forms and the banquet menu. It would be well to make your selections early to avoid the deadlines. The hotel reservations phone number is listed on the back page of the newsletter. Be sure to mention our Association in order to get the reduced rate.

Elliott Sortillo is still accepting proposals for the big event in 2013. Send your suggestions to Elliott for consideration. Also, Ed Sheffield is accepting nominations for officers and board members to serve during the coming year. We urge you to become involved by serving in a leadership position.

Peggy Sullivan has agreed to lead the raffle table crew again this year, but she needs help. This activity is not only fun but very profitable as well. See Peggy when you get there and she will arrange a schedule suitable for you.,

We have already contacted a band for the Friday night dance. Our friend, Dennis Pavlik who lives in Omaha, recommends the band highly.

Greg and Linda Bruseau have agreed to do the memory book this year. Photos taken at the reunion this year should be sent to them for arranging in the book.

It seems our sick and taps section increases in numbers with each newsletter. Keep those friends and family members in your thoughts and prayers. Perhaps a card of sympathy or good wishes would brighten their day.

I would like to share with you a message in a thank you note received from Joan Rook, widow of our good friend, Richard Rook. She said after Dick's passing they received about 80 sympathy cards, most of them from his EX-POW buddies. That is an example of our purpose, which makes me proud.

She also included the following quote, "Life is not about waiting for the storm to pass, but learning to dance in the rain". Dick knew many storms, but he learned to dance in the rain. "We should all learn from this quote". "Tough times never last, but tough people do, Hang tough my FRIENDS." Until next time, Bill Norwood

If you have news items or suggestions that you would like mentioned in future newsletters send the material to either Jack Chapman or David Mills for publication. We send everyone on our mailing list a copy of our Newsletter four (4) times a year. If you know of a member who has moved and have their address, PLEASE HELP US OUT. If you know of someone who has died, and or sick. PLEASE, let us know. We had over 30 copies of the December 2011, Newsletter returned. We need to stay in touch. Jack Chapman's email address is: [jackkpw@yahoo.com](mailto:jackkpw@yahoo.com). and David Mills' email address is, [dwmw75wg76@comcast.net](mailto:dwmw75wg76@comcast.net). Thank You.

**Chaplain's Corner: Hello** to all our ex-POW's and families! We wish for everyone to be well, but have heard that some of us are not fairing so well. We are trusting God to meet all our needs as "He alone can do." Philippians 4:19. In Ephesians 6:10, we read about courage and that is where my prayer is taken from. We beseech Thee, O God, for clearness of vision, for soundness of judgment, for courage on conviction, and for quiet confidence in Thee as we face the great problems of our time. Deliver us from an attitude of defeatism or of compromise with the forces of evil. Fill us at needed times with the Holy indignation that the Master had when He cleansed the Temple. Inspire us with the spirit of service and sacrifice and let the peace of God which passeth understanding continually guard our minds and hearts from fear. We ask all of this in Jesus' name. Amen. May God bless us all and God Bless America. Your chaplain, Norman Hale

**Korean War POW/MIA Report (JPAC):** It's been a while since we've spoken of the Chosin Reservoir. Very likely our recovery teams will be back in North Korea later this year. One of our two previous base camps was on the east side of the Chosin--the other was at the Unsan battle zone, farther west. We hope to be working on the east side of the Chosin Reservoir this Spring, and even to do some exploratory work on the west side, along the road to Yudam-ni.

All of this will take place in the battle zone, but we are tracing POW movements out of the area very carefully. Sadly, many of the men captured at Chosin were already disabled by wounds or frostbite. So, in the past, we've recovered the remains of POWs along with those who died in battle, from within the main fighting area. But we've also been allowed to work just north of the battle zones. Our teams made one recovery of a POW who died near the start of the route up to Kanggye, where many of those captured at Chosin spent Christmas 1950.

Conditions en route were terrible, even worse than those encountered by men captured at Kunu-ri in the west or at Hoengsong in February 1951. But we know that men stopped at villages along the way. Names like "Little Death Valley" and "Valley #1" are well known, then the Chosin POWs came to the main holding point near Kanggye. By the routes taken, Kanggye is over 60 miles north and west of the upper end of the Reservoir, so we have no real hope of getting there this year. But the villages en route are another matter. We'll always be watchful for opportunities as they unfold. Sometimes North Korean escorts have allowed our recovery teams to work beyond the fighting areas, and sometimes not.

A few early men like Elliott Sortillo, passed through Kanggye in December and went to Camp 5. Others like "Red" Sitler passed east of Kanggye and ended up at the Apex Camps with Tiger Group. But most of the men at Kanggye were there until mid-March 1951. Then, by train and cart and mainly on foot, they continued to Camp 1 at Changsong on the south bank of the Yalu River. On 11 February 1951, a very unusual event unfolded at the Kanggye Camp. Chinese and North Korean captors demanded that the POWs sign a peace petition. The senior officer present, a Marine Corps major, thought things through. Kanggye was isolated, a place without witnesses, and his men were at great risk. The petition itself was nonsense, and signing it would do no great harm. But with a little luck, it could get the names of those present "out," making their captivity undeniable, and pretty well assuring that as a group they would not simply vanish. He spoke briefly, he ordered the men to sign, and they did.

Some of these men later died, but most did not. The Kanggye Peace Petition of 11 February 1951 became an exercise in mockery, it back-fired on the captors, who gained nothing and were suddenly in a spotlight. So what happened to the Major? He returned alive, explained himself, and continued to serve with honor. Like Johnny Johnson and Doc Shadish, he did what he could and he did what was right. Lieutenant General John N. McLaughlin, USMC, who had landed at Guadalcanal in 1942 then brought out his men from Kanggye in 1951, finally passed in 2002. Met him once, shook hands, he was a good man. Respects! Phil O'B

**GOOD NEWS:** I want to update you and the EX-POWs about my cancer experience. I was told that I was fortunate the disease was in my larynx rather than an area surrounded with lymph nodes. When the lymph nodes are infected with the disease, it causes the spreading of the cancer to other parts of the body. The 33 days of radiation treatment eliminated the cancer, so I am told. The down side of the treatment is that my neck is swollen. The distant lymph nodes were affected by the radiation. Last month, December 2011, I met with the radiation Doctor. After going through Pet Scan tests, I was declared cancer free. He wants to see me in one year. Very recently, I met with the Oncology (Surgeon) Doctor. She gave me the same positive report. She wants to see me every 3 months. I am feeling pretty good but I did lose close to 50 pounds. My voice is still relatively weak. I hope that you and your family are in good health and remain so in future. Happy New Years to all. Sincerely, John Toth.

There is no means test to qualify for the VA Widow's benefit, Dependency and Indemnity Compensation (DIC). Jack Chapman

**PRISONER OF WAR:** There is certainly no glory in being captured by the enemy and while there is no disgrace, it is yet a traumatic, frustrating and often humiliating experience to be forced through circumstances beyond your control, to lay down your weapon and surrender to the foe.

The ordeal of a prisoner of war was once very aptly described by Sir Winston Churchill who wrote. "It is a melancholy state; you are in the power of the enemy. You owe your life to his humanity, your daily bread to his compassion. You must obey his order, await his pleasure, posses your soul in patience. The days are long; hours crawl by like paralytic centipedes. Moreover, the whole atmosphere of prison is odious. Companions quarrel about trifles and get the least possible enjoyment from each other's society. You feel a constant humiliation in being fenced in by railings and wire, watched by armed guards and webbed about with a tangle of regulations and restrictions. This is dedicated to the hundreds of valiant, American Prisoners Of War, who though captured during the Korean War and ill-trained in the Communists tactics of torture and brainwashing, survived and resisted, until finally in 1953, we were returned to United Nations control at Panmunjon, South Korea.

**TASK FORCE DRYSDALE:** November 29, 1950, a Platoon of Heavy Weapons, from Dog Company, 31<sup>st</sup> Infantry, 7<sup>th</sup> Infantry Division was assigned to Baker Company, 31<sup>st</sup> Infantry and was made part of "Task Force Drysdale", (named for Lieutenant Colonel Douglas B. Drysdale, Commanding Officer of the British 41<sup>st</sup> Independent Commando, Royal Marines.) This Task Force included 235 members of the 41<sup>st</sup>, about 205 US Marines, some 190 soldiers of Company B, 31<sup>st</sup> RCT, a platoon of Heavy Weapons of "D" Company, 31<sup>st</sup> RCT, and about 82 US Marines and several US Navy Corpsmen attached to the 1<sup>st</sup> Marine Division. The task forced numbered approximately 900 men with armor support. Our mission was to cut through the Chinese Communist forces along the 10-14 miles of road between Koto-Ri and Hagaru. At about 0300-0400 hours, on the morning of November 30<sup>th</sup>, 1950, what remained of our unit a few American and British Marines was sadly overrun by the Chinese Communists forces during the bloody fighting at "HELL'S FIRE VALLEY" The Chinese reneged on their promise to Major John McLaughlin to permit the evacuation of the wounded to Koto-ri.
